

Weekly activities

Week Commencing 27th April 2020

English and Communication

Research Project

1. Who was Florence Nightingale?
2. What job did she do?
3. Why is she special?
4. What did she do in hospitals?
5. How can we stop the spread of germs?
6. Why was she known as the 'Lady with the lamp'?

Draw, write and learn some Makaton symbols about this special person. You could make an information sheet or poster about her.

Physical Education

Challenge!

You can still keep working on the challenges that you set yourself last week- try and improve every day or try different challenges.

Calm Activities

Why not try some yoga exercises? They might help you feel calm and relaxed. See YouTube Cosmic Kids Yoga Link.

Circuit Training

You could always make yourself a circuit e.g. sit ups, step ups, arm punches and jumping (think about the circuits that we do in the hall every morning).

Have fun and keep healthy!

Neptune Class

Message from Class teacher

Hello Neptune Class,

How did you get on with the learning about Captain Tom Moore? I hope you enjoyed it.

This week, I have chosen another special person for you to learn about it. Her name is Florence Nightingale.

Some new hospitals have been built in London, Birmingham, Harrogate and they have all been named Nightingale Hospitals - so let's find out why!

You can complete all the tasks or just pick and choose the ones that you like best.

If you enjoyed 'Diary of a Killer Cat' then part 2 is now ready for you to watch. Hope you like it?

Take care and stay safe.

Love from Jo

Interactive Video Activity

Learn about Florence Nightingale on the BBC Bitesize link and Twinkl website

Life skills

Design and Technology

Make a musical instrument that you can use to clap for carers on a Thursday night.

Try and make something that makes lots of noise so all the doctors, nurses and care workers can hear you!

EHCP Link: You could work on your personal care skills - remember to sing 'Happy Birthday' when you wash your hands.

Maths

Measurement (Time)

Florence Nightingale was born 12 May 1820.

Tasks

- When is your birthday?
- Do you know your date of birth? Can you write it in words and numbers?
- Do you know the days of the week? Can you write and sign them?
- How many months are there in a year? Name them in order.
- How many seasons are there in a year? Draw a picture for each season.
