

## Weekly activities

Week Commencing 18<sup>th</sup> May 2020

### English and Communication

#### Non-fiction writing

1. Draw and describe a hedgehog.
2. Where do hedgehogs live?
3. What do they eat?
4. When do they come out? In the day or night?
5. What do you call a baby hedgehog?
6. What do you call a male and female hedgehog?
7. Is a hedgehog a pet or a wild animal?

#### Makaton

Sign the word 'hedgehog' and some of the foods they eat.

### Physical Education

#### Just Dance – YouTube

I know how we love to dance so let's get moving and 'Keep Dancing'

#### Queen songs – Brian May (guitarist)

- Another One Bites the Dust
- Don't Stop Me Now
- Crazy Little Thing Called Love

#### PE with James

Go to the NRCS website: Parent Page/PE activities

# Neptune Class

### Message from Class teacher

Hello Neptune Class,

How are you doing? Are you ok? I'm missing you all.

Well this week we have some fun learning linked to another special person.

This week it is Brian May. He is a wildlife campaigner and rock star! He has done a lot of work with Amazing Grace - a charity that looks after and protects hedgehogs.

Brian May has lots of different jobs, so let's find out more about him.

As always, you can complete all the tasks or just pick and choose the ones that you like best.

Take care and stay safe.

Love from Jo

### Interactive Video Activity

Watch 'Meet the Hedgehogs' on My 5 - this will give you lots of information and a quiz at the end of the episode. Have Fun!

Watch 'You are the Champions' – Lockdown version for the carers and support workers.

### Life skills

#### Looking after wild animals

Hedgehogs need water to live – try putting a shallow dish of water in your garden for the hedgehogs to drink.

Remember to change the water so that it is fresh and clean.

Watch my video on Hedgehogs.

EHCP Link (Independent Living – Personal care): Remember to wash your hands after you have been outside (Happy Birthday song twice).

Deeper Learning: Why should we have a bath, shower or wash every day?

What are germs?

### Maths

#### Measurement (Time)

- Can you remember when hedgehogs come out? What time of the day?
- Interactive activity at Top Marks

#### Tasks

- Fold a piece of paper in half – write **day** on one half and **night** on the other. Draw or write about the things that you do in the **day** and **night**.
- Practise reading the time to the nearest hour and half hour.
- Read the time on a digital clock – think about what time of the day you have breakfast, dinner and tea.
