

## Weekly activities

Week Commencing 4<sup>th</sup> May 2020

### English and Communication

#### Research Project

1. Who is Lady Gaga?
2. What job does she do?
3. What is the name of the concert she helped organise?
4. Can you name any of the acts that sang at the concert?
5. We all love music in Neptune Class – who is your favourite singer/artist?
6. What is your favourite song?

Can you write an answer to each question? Get your parent or carer to write an answer you can copy or write a sentence on your own.

### Physical Education

#### Dance Activities

We love Just Dance on YouTube in Neptune Class – Why don't you do some Lady Gaga dances:  
Just Dance  
Poker Face

#### PE with James

Go to the NRCS website – Parent Page/PE Activities.

Have fun completing the activities with James.

# Neptune Class

### Message from Class teacher

Hello Neptune Class,

Hope you are all ok? Did you enjoy learning about Florence Nightingale?

This week, I have chosen a special person. It is Lady Gaga. She helped organise a special concert with lots of famous people. Did you watch it?

As always, you can complete all the tasks or just pick and choose the ones that you like best.

Hope you have lots of fun on this musical theme as we love to dance and sing in Neptune Class.

I would also like to wish two pupils 'Happy Birthday' this week (you know who you are!). Enjoy your special day.

Take care and stay safe.

Love from Jo

### Interactive Video Activity

Watch the special concert and see if your favourite singer/artist is there?

### Life skills

#### Independent Living

Using clothes and items in your house – can you make a Lady Gaga outfit – be bold and brave!  
If you don't want to dress up, you could always make a costume for someone else in the house.  
Don't forget to think about hair and make-up – Take photos and we can share them when we get back to school.

EHCP Link: Practise putting your shoes and socks on the correct feet, fastening buttons and zips. Remember to try first and then ask for help.

### Maths

Lots of interactive activities at Top Marks

#### Measurement (Length and height)

Lady Gaga is 155cm tall.

#### Tasks

- How tall are you? How do you measure your height?
- Measure the length and height of objects in your house and garden in hands or shoes.
- Use a tape measure or ruler to measure objects in the house and garden.
- What was the longest object you measured?
- What is the shortest object that you measured?
